

WIRMS 2013

7th International Workshop on Infrared Microscopy
and Spectroscopy with Accelerator Based Sources
November 10-14, 2013 / Lorne, Victoria, Australia

Key Dates

Registration:
NOW OPEN

Call for Abstracts:
NOW OPEN

Abstract Submission:
9th August 2013

Early Registration:
20th September 2013

Accommodation:
1st October 2013

The scope of the workshop is to bring together IR scientists and users from synchrotron radiation & free electron laser facilities worldwide to discuss the latest developments and trends, as well as future directions, and promote even more promising applications in these fields.

Another important mission of this workshop is for active experts to provide young researchers and graduate students with a good introduction to this rapidly advancing field.

Confirmed Speakers

Dr Hans Bechtel
Advanced Light Source,
Berkeley

Jean-Blaise Brubach
Synchrotron SOLEIL, France

Carol Hirschmugl
University of Wisconsin,
Milwaukee, USA

Emeline Pouyet
ESRF, France

Dr Evan Robertson
La Trobe University, Australia

Peter Weightman
University of Liverpool, UK

HOST BODY

Australian
